The world's favourite lock

YDR333

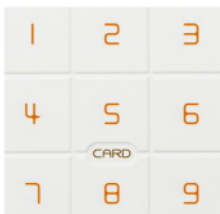

Digital Door Lock

Reliable

Convenient

Safe

Various access

Yale YDR333 has two access solutions, PIN code or RF Card key for your convenience.

Silent button

Don't need to worry about noise anymore, with just pushing a Eye button. (silent button)

Missing key invalidation

Once you lose your key, it has no validation as long as you re-register rest of your keys.

Operation status notification

Whenever any operation is made, the keypad informs you what is happened through different alignment of the numbers.

Automatic locking

The Yale series automatically locks the door after checking it is properly closed. (Manual operation is also available.)

Alarm (Break / Damage / Fire)

80dB alarm goes off if anyone attempts to damage the lock or force the door open, or if the lock detects over 60°C.

Low battery and emergency power

It warns in case of low battery with alarm and LED. When the batteries are completely discharged, you can easily supply emergency power to the lock with the standard 9V battery.

Remote Control (Optional)

Remote control type is also available. Wireless Floating ID technology is adopted and works up to 50 m.
