

YDR2106
Hi-Tech iButton rim mounted
Digital Door Lock

Reliable Convenient Safe

- Various access**
Yale YDR2106 has two access solutions, a pin code or i-Button key at your convenience.
- Missing key invalidation**
Once you lose your key, it has no validation as long as you re-register rest of your keys.
- Automatic locking**
Yale Digital Door Lock series automatically locks a door after checking it is properly closed. (Manual operation is also available.)
- Alarm (Break / Damage / Fire)**
80dB alarm goes go off if anyone attempts to damage the lock or force the door open or the lock detects over 60°C.
- Low battery and emergency power**
It warns in case of low battery with alarm and LED. When the batteries are completely discharged, you can easily supply the emergency power to the lock with a standard 9V battery.
- Mechanical key override**
For emergency, it can also be unlocked with a mechanical key.
