YDM3106
Hi-Tech Proximity card Digital Door Lock with strong features

Reliable   Convenient   Safe

Various access
Yale YDM3106 has two access solutions,
a pin code or proximity card key at your convenience.

Missing key invalidation
Once you lose your key, it has no validation
as long as you re-register rest of your keys.

Automatic locking
Yale Digital Door Lock series automatically locks
a door after checking it is properly closed.
(Manual operation is also available.)

Alarm (Break / Damage / Fire)
80dB alarm goes go off if anyone attempts to
damage the lock or force the door open
or the lock detects over 60°C.

Low battery and emergency power
It warns in case of low battery with alarm and LED.
When the batteries are completely discharged,
you can easily supply the emergency power to
the lock with a standard 9V battery.

Mechanical key override
For emergency, it can also be unlocked with a
mechanical key.

Remote Control (Option: YDM2108R)
Remote control type is also available. Wireless
Floating ID technology is adopted and works
up to 50m.
