Europrofile Mortise

Fingerprint Verification & Touch Keypad

Key Override

YDM4109 (Black)
Front Body 28.5(D) X 68.6(W) X 320.7(H) mm
Back Body 37.0(D) X 72.8(W) X 306.6(H) mm

Multiple Access
Yale YDM4109 has three access solutions, PIN Code, Fingerprint Verification, Key override for your convenience.

One-touch Fingerprint Verification Method
Easy Scan technology has been applied to conveniently read a fingerprint in one shot without the need to open or close the cover to enter a fingerprint.

Voice Guide Feature
As the voice guide is offered that lets you know the operation status and how to set each feature and mode for easier and more convenient use.

Security / Normal Mode
For multi-user environment, YDM4109 can be turned to Security Mode that master can register and delete each user while Normal Mode controls all the users at one time.

Smart Keypad & Operation Status Notification
Keypad can be seen only when you touch the screen with your palm. Whenever any operation is made, the keypad informs you what is happened through different alignment of the numbers.

Anti-Panic egress with Safety Handle
For convenience and in case of emergency, the door is automatically unlocked whenever the inner lever handle is used. The safety handle will prevent children or large pets mistakenly open the door.

Mechanical Key Override
For emergency, it can also be unlocked with a mechanical key.

Alarm (Break/Damage)
80dB alarm goes off if anyone attempts to damage the lock or force the door open.

Low Battery and Emergency Power
It warns in case of low battery with alarm and LED. When the batteries are completely discharged, you can easily supply emergency power to the lock with the standard 9V battery.

Remote Control (Optional)
Remote control type is also available. Wireless Floating ID technology is adopted and works up to 50m.
