# Yale® Premium Range

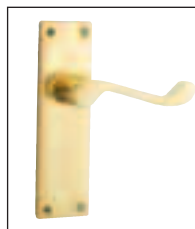

A range of premium door furniture which combines a timeless collection of traditional handles alongside super sleek and stylish contemporary designs. Whatever your preference, this comprehensive range of door furniture ensures that there is a handle to suit all tastes.

## Features

- All lever handles are fully sprung to provide a smooth and positive return to the latched position.
- Handles are supplied with standard 8mm spindles to suit UK tubular latches or mortice latches and locks.
- Bathroom handles have standard 5mm spindles to suit most UK bathroom and dead locks.
- Lock and bathroom back plate's suit UK standard locks with 57mm centres.
- Fixings are included to suit door thicknesses 35mm – 44mm. Depending on the handle type and the door application face fixings and/or through fixings bolts are supplied. Door thickness and latch/lock type should be checked to ensure that your handle selection is correct.

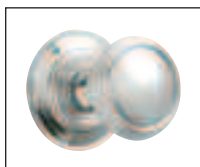

## Styles

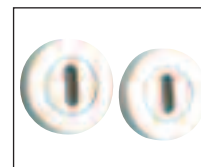

Back plate handle

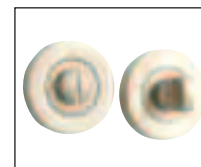

Round rose handle

Mortice Knob

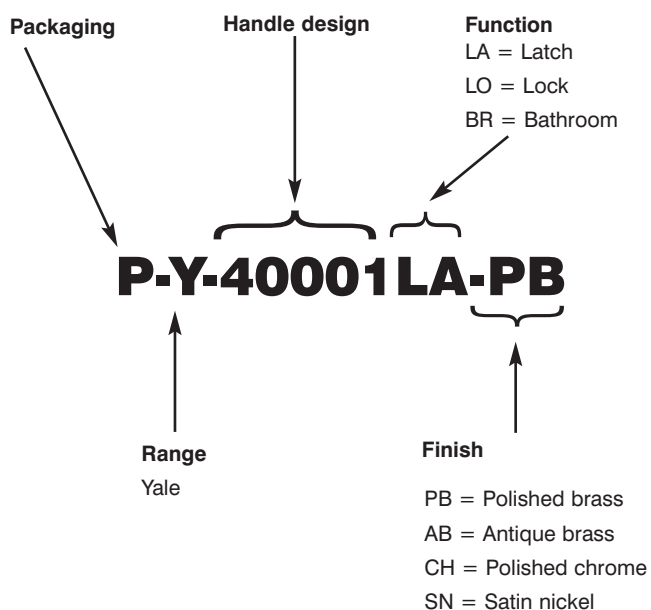

Keyhole escutcheon

Bathroom thumbturn & release

## Handle coding system

## Handle care

- It is advisable to lubricate moving parts prior to fixing.
- Great care has been applied to produce a lasting finish. Regular cleaning with a moist cloth is the only maintenance required. Do not use abrasive cleaners.

## Testing

- All Yale Premium knob and lever door furniture is tested to the rigours of BS EN 1906 within a UKAS accredited laboratory and has successfully demonstrated that it exceeds the requirements for all types of residential accommodation.
- All Yale Premium lever handles have successfully completed 200,000 cycle durability testing in accordance with BS EN 1906.
- All Yale Premium door furniture is subject to corrosion testing to BS EN 1670 Grade 3 and has successfully proven that it is suitable for both internal and external application.

## Guarantee

The confidence of Yale in product testing means that all of the Yale Premium range carries a 10 year mechanical guarantee.
